 - Experience in set-up and operation of punch presses in a manufacturing environment
 - Experience using calipers
 - Ability to set up, install and adjust tooling on punch press machines in accordance with specifications
 - Ability to set, align and secure dies and set ram stroke
 - **Must be** familiar with performing minor program edits, calculating offsets, and performing dimensional and mechanical inspections.
- **A commitment to Quality work and safe work practices is required**

Work duties may include one or more of the following:

- Stamping station set-up and operation
 - CNC turret press operation
 - Screen press operation
 - Part cleaning, sorting and bundling
 - Support of other departments, as required
-
- The successful candidate will be able to learn to:
 - Enter, store and retrieve information in computers
 - Lift raw materials, finished products and packed items

- Count finished products to determine if orders are complete
- Examine and inspect products to verify conformance to quality standards

Requirements and other details:

- High Scholl diploma or equivalent is required
- Fluent English – oral, reading and writing
- Computer literate
- Regular hours are M-F, 6:00 am – 2:30 pm. Overtime may be required.
- Reliable transportation is required

Prior to employment, the successful candidate may be required to pass a background investigation and a drug test.

Qualified applicants should respond by sending an email with the following information:

1. Resume
2. An indication of how soon you would be available to start, if selected
3. **Include “Production Operator” in the subject line of your email.**

Job Type: Full-time

We offer a positive work environment, challenging work, growth opportunity and competitive compensation and benefits.
